

Oldencraig Equestrian Centre has been transformed into one of the top indoor and outdoor Equestrian Centres in the Country thanks to an ex Barnardo's boy Ian Winfield. With experience gained from a career in the Army and Buying and Selling clubs and pubs, over the past eight years and five million pounds later Ian has presented Surrey with exceptional equestrian facilities which run like clockwork and offer everything a horse and rider could desire.

Three Olympic sized floodlit arenas complete with all weather surfaces, a brand new indoor school with full length training mirrors, viewing and judges galleries. Two all weather floodlit lunge arenas, Claydon horsewalker, ample stabling, regimental tack rooms, staff accommodation, hardstanding parking, cctv, swimming pool, tack shop, bar and bistro facilities, all immaculately maintained and overseen by the very attentive staff.

Oldencraig offers livery facilities to ponies and riders of all abilities. The indoor school, which was resurfaced by Bill Kear, is daily checked by grounds men and liveries have five star accommodation in several stable blocks all run identically with grooms to wash saddle cloths and bandages, solariums, showers and washrooms.

If looking to buy a competition horse, Ian always has a number of carefully selected horses for sale which he offers with guarantees, insured, pre-purchase veterinary check and after sales support.

Ian's fiancée is Olympic rider, trainer and 13 times National Champion Vicki Thomson who holds regular clinics at Oldencraig. Dressage Shows are both affiliated and unaffiliated with a specially designated stable block for those visiting Oldencraig for the shows.

All Staff at Oldencraig are extremely helpful and polite, a fact that Ian attributes to the high standards and work ethic he imposes upon them which helps to make for a very happy environment both for horses, riders and staff.

OLDENCRAIG
